

KIIZII

Background/Platform

Kill Zill was born under the frustration of Zilla Tokens and it is now time to Kill Zill. Join us on this journey and become a KillZill holder today!

NFT market place, NFT collection and a P2E game

KillZill will launch its first exclusive NFT collection shortly. The NFTs will be designed by a well-known cartoon artist and will give you a feeling of the KillZilllifestyle.

Holders of KillZill have to big advantages compared to the general NFT collector. KillZill holders can get into the exclusive presale and mint their NFTs before the general public. KillZill is a cryptocurrency built on the BinanceSmart Chain (BEP20). KillZill will be creating NFTs showcasing the talents of our resident artists. NFT holders will have exclusive access to future Season releases.

Holders of KillZill can unlock powerful features on the Website platform including expanded price alerts, increased voting power, increased position options, additional search filters and much more!

Let's make the biggest hype together ZiLLa coin on the BSC with a P2E game coming soon.

Vision and Mission

Our vision at KillZill is to create a sustainable token that will show growth in a forever thriving ecosystem.

According to recent statistics *“Google now processes over 40,000 search queries every second on average, which translates to over 3.5 billion searches per day and 1.2 trillion searches per year worldwide.”* Our Mission will be to tap into this market and be one of the market leaders in Anime NFTs.

Our team of enthusiastic Crypto and NFT fans have an ambitious mission in making KillZill a competitive NFT within the NFT Marketplace. These NFTs will cater to all, those rare NFT hunters, those who seek a use case for NFTs and those who have a sheer love for its art.
